

U.S. Transplant Timeline – Celebrating 250 Years of Innovation

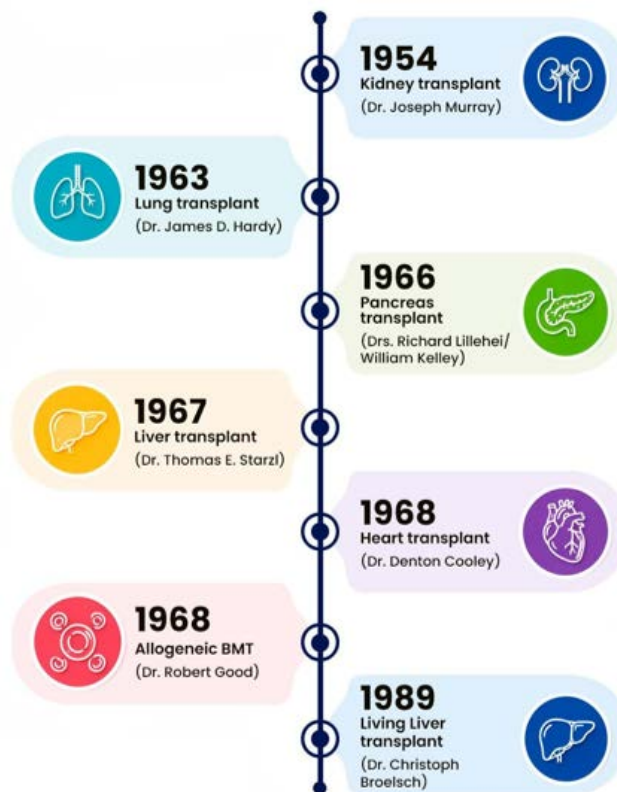

250th Anniversary | 1776–2026

Celebrating Transplant Innovation

The United States has long been a leader in organ transplant innovation. As we celebrate our nation’s 250th anniversary (and 72 years of life saving transplant advancements) INTERLINK is proud to highlight some of the milestones in transplantation and the pioneering surgeons who make them possible.

MILESTONES IN TRANSPLANT INNOVATION

Pioneering breakthroughs. Transforming lives.

INTERLINK COE Networks & Programs

Proudly celebrating the progress, partnerships, and pioneering spirit that continues to transform lives through transplantation.
